SUBJECT INDEX

Volume 19

Abortion
    mares, 235
Acrosomal response
    thawing, 205
Africander, 213
Alfaprostol, 481
Alkaline phosphatase
    mare, 441
Allyl trenbolone, 377
Amikacin sulfate, 433
Anestrus
    buffalo, 305, 323
    ewe, 449, 572
    pigs, 481
Angus, 560
Artificial insemination
    embryo transfer, 147
Asphyxiation
    intra-partum, 707

Baladi rabbit, 518
Belgian White Blue, 160
Biometry
    testes, 213
Blastocyst micromanipulation, 49
Blastomere
    development, 143
Bluetongue virus, 115, 425
Breed and fertility
    cattle, 559
Brown Swiss, 560
Brucella abortus, 355
Brucellosis reactor, 355
Bubalus bubalis, 151, 193, 305, 323
Buffalo
    swamp, 593, 713

Caffeine
    and sperm function, 124
Capacitation
    in vitro, 3
Cassou straw, 829
Castration
    unilateral, 635
Catheterization
    uterine-ovarian, 741
Cervix
    patency, 759
Chianina, 221
Chromosomal defects, 117

Clitoral stimulation, 555
Conception
    Kibutz cows, 627
Conceptus
    equine, 613
Condition scores
    postpartum, 334
Cooling rates
    embryo, 138, 266
Corpus luteum
    fertility, 125
    prolonged, 693
Cortisol
    cow, 535
Cryomicroscopy
    embryo, 263
Cryopreservation, 405
Cryoprotectant, 824

Demi-ovariectomy, 409
Desert bighorn sheep, 787
Dexamethasone, 221
Diet
    fecundity, 249
Diethylstilbesterol, 517
Dimenhydrinate, 221
Dorset, 243
Double-muscled bulls, 159

Echography
    for superovulation, 119
Ejaculation
    effect on hormones, 315
Embryo
    assessment, 20
    brucellosis, 357
    collection
        mare, 101
        milk production, 132
    culture, 131, 825
        media, 136
    development, 391
        fertility, 125
        in vitro, 6
    extracts
        corpus luteum, 122
    freezing, 49, 116, 118, 120, 135, 138, 145, 263, 823
        field trial, 139
    international transport, 285
    multiple
        mare, 101
    partial, 49
    quality, 135, 823

Embryo (contd.)
reduction
spontaneous, 104
sexing, 704
survival, 135
transfer, 759
baboon, 144
bluetongue virus, 115
Chile, 123
comparative, 17
goats, 31
human chorionic gonadotropin(HCG), 140
history, 293
human, 25
insemination schedule, 147
mare, 146, 148
nonsurgical, 111
mare, 134
sheep, 31
surgical, 111
mare, 134
swine, 43
Venezuela, 130
virus, 395
viability, 395
Embryo Transfer Bibliography IX, 465
Endometrial progesterone, 239
Endometritis
mare, 441
Endometrium
biopsy, 151
Endoscopy
cow, 137
Endotoxin
uterine disease, 841
Escherichia coli, 841
Estradiol effect
postpartun, 343
Estradiol-17β
buffalo, 496, 499
cow, 547
ewe, 744
stallion, 836
Estrogen
effects, 727
uterine disease, 841
metabolites, 817
Estrone conjugate
sow, 820
Estrous behavior
Zebu, 795
Estrous cycle
buffalo, 596
ewe, 569

Estrus
covert, 198
detection, 594
induction
buffalo, 305, 323
postpartum, 343, 367
cow, 767
postweaning
sow, 377
synchronization
ewe, 665, 677, 869
mare, 779
sow, 377

Fertility
environment, 625
factors affecting, 125
postpartum, 367
Fertilization, 385
in vitro, 1, 19, 112
Finnish Landrace, 243
Flehmen
stallion, 835
Fluorogestone acetate, 869
Fluprostenol, 413
Follicle stimulating hormone (FSH)
bull, 642
ewe, 565, 744
lamb, 754
oocyte culture, 133
radioimmunoassay, 567
season effects, 311
superovulation, 109
Follicular aspiration
by endoscopy, 137
Fracture planes
embryo, 268

Gentamicin, 771
Gestation
ewe, 574
Gonadotrophin-releasing hormone (GnRH)
anestrous ewe, 449
fertility, 125
lamb, 749
postpartum cow, 763

Heart rate
intrapartum, 707
Heat stress, 625
Hereford, 560
Hemicastration
bulls, 639
Histamine
parturition, 222

Holstein, 83, 367, 541
Human chorionic gonadotrophin(HCG)
anestrous ewe, 449
fertility, 125, 140
oocyte culture, 133
Human menopausal gonadotrophin(HMG), 109, 141
Humidity
and sperm stain, 259
H-Y antigen, 701
detection, 110

Immobilization
wildlife, 789
Immunoglobulins
mare, 441
Impotence, 833
Intrauterine gentamicin, 771
Intrauterine therapy, 811
Intravaginal progestagen, 869
Intravaginal temperature, 541

Lactation, 535
Lambing, 665
Laparotomy
wildlife, 787
Latex
oocytes, 121
Libido
bull, 279
Limousin, 560
Live-dead stain, 259
Livestock transport, 285
Luprostiol, 583
Luteal function
cow, 122
Luteinizing hormone(LH)
after GnRH, 335
buffalo, 193
bulls, 639
cow, 181
ewe, 744
heifer, 731
lamb, 754
peripubertal, 727
postpartum, 350
season effect, 311
stallion, 836
surge, 150
Luteolysis
mare, 413

Medroxyprogesterone acetate, 869
Menotropin, 109, 141

Milk
estradiol-17β, 491
production
effects on, 132
progesterone, 491
buffalo, 713
Mobility
equine conceptus, 603
Monensin, 331, 343
Monoclonal antibodies, 701
Morulae culture, 142
Murrah buffalo, 151, 195, 714

Nelore Zebu, 127
Norgestomet, 293, 323, 682

Odocoileus virginianus, 855
Oocyte
culture, 2, 121, 128, 133
follicular, 385
maturation, 128
Ovarian activity
ewe, 243, 739
Ovariectomy
cow
LH, 181
unilateral, 527
Ovary
cryopreservation, 405
Ovis canadensis, 787
Ovulation
multiple
mare, 103
postpartum, 367
prediction, 113
Oxytocin
swine, 583

Papio (baboon), 144
Parturition
induced, 583, 665, 849
cow, 221
Pasofino Colombiano, 146
Perganol
superovulation, 109, 141
Phytoestrogen, 507
Pine needle estrogen, 507
Pioneer award, 293
Polish primitive, 148
Polyvinyl alcohol
embryo, 120
Porcine follicular fluid, 128
Postpartum
cow, 647
cycles
ewes, 243

Postpartum (contd.)
mares, 779
therapy, 811
Prepubertal lamb, 749
Pregnancy
diagnosis, 606
ewe, 41, 655
sow, 817
detection
mare, 149
rates
embryo transfer, 111
Pregnant mare serum gonadotrophin
anestrous ewe, 449
follicular oocytes, 388
ovarian factors, 65
PRID, 323
Progesterone
anestrous ewe, 449
buffalo, 327, 496, 499, 722
cow, 547, 696, 698
effect on sperm, 517
ewe, 744
mare, 235
pregnancy, 655
pyometra, 649
repositol
mare, 235
Progestin implants, 677
Prolactin
bull, 642
Pronilen, 583
Prostaglandin E_2
corpus luteum, 122
effect, 693
Prostaglandin $F_{2\alpha}$, 413
cow, 763
goat, 849
milk production, 132
superovulation, 129
swine, 583
Protein
uterine
mare, 441
Puberty
heifers, 736
Pyometra
cow, 647

Radioimmunoassay
estrone conjugates, 818
luteinizing hormone(LH), 113

Radioimmunoassay (contd.)
progesterone, 717
testosterone, 161, 312
Rambouillet, 342
Red Poll, 560
Repeat breeding factors, 151
Robertsonian translocation
cow, 117

Scrotal circumference
lamb, 751
Season effect
buffalo, 305, 323
deer, 855
ewe, 665
luteinizing hormone (LH)
cow, 181
stallion, 311
Semen
freezing
stallion, 146
international transport, 285
season effect, 311
thawing, 201
Seminal vesicle
bull, 279
Sewage solids
feeding, 249
Sexual activity
Zebu, 795
Sexual behavior, 833
stallion, 877
Simmental, 560
Spermatozoa
capacitation, 124
concentration, 519
deer, 855
penetration, 124
stain, 259
transport, 517, 527
viability, 203
Sperm-ovum penetration, 4
Sponge pessary, 869
Stress
superovulation, 126
Suckling, 331
Sucrose
embryo thawing, 145
Superovulation
cow, 55, 83, 150
diagnosis, 119
goats, 32
heifer, 109
mare, 102
milk production, 132

Superovulation (contd.)
Nelore Zebu, 127
sheep, 32, 114
stress, 126
Syncro-Mate B, 678

Telemetric thermometers, 541
Ticarcillin
mare, 169
Testes
development, 213
weight
deer, 855
Testicle degeneration, 685
Testicular growth
lamb, 749
Testosterone
bulls, 163, 639
season effect, 311
stallion, 836
Transuterine migration, 610

Ultrasound
image
equine, 616
pregnancy diagnosis, 149
scan, 604
Urine
estrogen, 817
sampling
sow, 818
Uterine
culture, 151, 444
cytosol assay, 508
disease
ewe, 841
Uterotrophic steroid assay, 510

Vetscan, 604

Weaning estrus, 481
White-tailed deer, 855

Zebu, 795
Zona pellucida
freezing, 274
microsurgery, 24, 142
removal, 391
